The 10kg AutoDose Washing machine with 6kg Dryer Combo with PowerCare technology, SpecialCare, Woolmark Blue accredited (Wash&Dry), ProSteam and 1600rpm spin speed.

RRP AUS $3,099.00

Product Details

FEATURES

AutoDose system
AutoDose and intelligent sensors calculate the precise amount of detergent and softener required and dispense it automatically.

PowerCare
Delivers outstanding washing results in less than one hour.

SpecialCare Wash-to-Dry
SpecialCare Wash-to-Dry adapts to fabric type for gentle, effective cleaning and drying.

ProSteam Technology
Steam refreshes clothes without washing in 25 minutes

PreciseLoad
PreciseLoad adapts energy and water usage to the load size for efficient, customised cleaning.

Hygiene
The Hygiene cycle eliminates more than 99.9% of common bacteria and viruses* while drying. Tested for Escherichia coli ATCC 11229,Candida albicans ATCC 10231,MS2 Bacteriophage DSM 13767 in external test performed by Swissatest Testmaterialien AG in 2021 (Test Report No. 20212038).

CareDrum
The innovative CareDrum is designed to gently care for clothing, reducing fabric wear and tear.

BENEFITS

PRECISE DOSAGE. PRECISE CARE
Too little detergent can compromise your clean result, while too much can cause premature fabric wear and tear. AEG AutoDose removes the guesswork by automatically dispensing the precise detergent dosage. Intelligent sensors inside the machine weigh each load, identifying the optimal measure of detergent and softener for the cycle. Wear your clothes for longer and may help to reduce up to 60% less detergent for a 2 kg load* with AutoDose. *According to an internal test method for the amount of detergent used for a 2kg load with AutoDose vs an average manual dose.

BOOST YOUR WASHING PERFORMANCE
PowerCare uses an advanced technique to premix and activate detergent for improved detergent efficacy, ensuring every fibre is reached, even at 30C. Delivers outstanding washing results in less than one hour.

CUSTOMISED CARE FOR DELICATES

SpecialCare Wash-to-Dry adapts to each fabric type for gentle yet effective cleaning, from everyday cottons to delicate silks. The Woolmark Blue-certifed AEG washer-dryer ensures safe, expert care of woollen apparel. Waterproof fabrics are restored and protected, so you can enjoy your outdoor clothing for longer.

WHY WASH WHEN YOU CAN STEAM

AEG ProSteam technology refreshes clothes so they are ready to wear in just 25 minutes. ProSteam efficiently reduces odours* and reduces creases in dry fabrics. A gentle steam cycle requires minimal to no ironing. *External test shows substantial reduction of cigarette smoke odour and kitchen odour in a Steam Refresh cycle by Laboratorio Olfattometria Dinamica in 2021 (Test Report No. LOD_RT_1070-21).

OPTIMISED FOR SMALL LOADS

PreciseLoad automatically adapts the cycle time, along with energy and water usage, in proportion to the size of the laundry load. So, you experience customised laundry cycles that save energy and water when washing and drying smaller loads.

REMOVES BACTERIA AND VIRUSES*

Select Hygiene cycle for an ultra-clean Swissatest-certified washing performance. The temperature above 60C removes 99.99% of common bacteria and viruses* and reduces some allergens. Ideal for thoroughly clean clothing, bedlinen, quilts, and pillows. *Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swissatest Testmaterialien AG in 2021 (Test Report No. 202120117)

Specifications

PRODUCT PROFILE

Washing Machine Type	Front load washing machine
Domestic warranty details (yrs)	5
Front Loader Type	combination front loader and dryer
Design family (eline)	Ruby
Capacity (Kg)	10
Frontloader Wash system	AutoDose
