90cm 5 zone induction cooktop with durable SaphirMatt surface, SenseBoil&Fry sensors, FlexiBridge zones and Hob2Hood functionality. Equipped with 9 power levels plus PowerBoost

RRP AUS $4,999.00

Product Details

FEATURES

Matte Black Design
A matte black finish with reduced reflectivity blends modern design with surface innovation.

SenseBoil&Fry
Smart sensors detect boiling and frying temperatures and adjust level automatically.

FlexiBridge
FlexiBridge enables you to combine zones for large skillets or split zones when cooking more dishes.

PowerSlide
PowerSlide allows you to precisely control results by sliding pots between three temperatures zones.

PowerBoost
PowerBoost provides and instant burst of heat that is perfect for boiling potatoes or searing steak.

Hob2Hood
Hob2Hood automatically adjusts your hood settings so you can focus on creating delicious dishes.

Pause Function
The pause function sets zones to the lowest setting to keep dishes warm and prevent overcooking.

Individual Zone Timers
The individual zone timers help you to plan your cooking when multi-tasking in the kitchen.

BENEFITS

INTUITIVE BOILING AND FRYING
Smart sensors prevent over boiling and take the guesswork out of frying without you lifting a finger. SenseBoil detects when water is boiling and automatically lowers the temperature to a controlled simmer. SenseFry measures heat levels and makes automatic adjustments under the pan to maintain the exact temperature for even frying. Enjoy intuitive cooking with precise results, every time you boil and fry.

LESS SCRATCHES WITH ELEGANT SAPHIRMATT
Keep your hob looking newer for longer with our SaphirMatt ceramic glass, which effectively reduces the appearance of fine scratches from everyday use. The exceptional durability of SaphirMatt, features scratch-resistant properties that surpass those of conventional ceramic hob surfaces*.*Based on external tests, compared to our standard hob surface without special treatment or coating.

CUSTOMISE YOUR COOKING AREA
The FlexiBridge is ideal for when youre working with large pans or preparing many dishes at the same time. Customise cooking area for a long pan or cook lots of dishes separately at different temperatures with this fully adaptable zone.

A FRESHER KITCHEN. HANDS-FREE.
The wireless Hob2Hood function automatically adjusts your hood settings based on how you are cooking, leaving your hands free to focus on the food. The hood lights will automatically illuminate when your hob turns on and the fan speed will adjust depending on how powerfully you are cooking.

INSTANT BOIL

No more waiting around for pots to boil. PowerBoost provides an instant burst of heat that boils water in under 90 seconds, even faster than an electric kettle. Its perfect for high-heat tasks like boiling potatoes or searing steak.

SIMULTANEOUS TIMER CONTROL

Individual zone timers allow you to set the duration of your cooking zones independently of one another. When a cooking zone is in use, the control panel provides quick and easy access to its timer. No need to go through menus to find it. And since each dish can be precisely timed, absolute control of the cooking process is assured.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Cooktop type	induction
Materials/Colour	matte black
Trim finish	bevelled sides only

DIMENSIONS

Total product height (mm)	48
