Two twist & serve icemakers in freezer	Energy saving holiday mode	Electronic touch controls	LED lighting
Egg tray	Fridge and freezer door alarm	All Round Cooling	

BENEFITS

FreshSeal Crispers Storing vegetables and fruit has never been so easy. Our dual FreshSeal Crispers offer a convenient storage solution for your fresh produce. They come in a great size to store fruit in one, and vegetables in the other.	Not just one, but two Double your icemaking with two twist and serve ice makers - one in the door and one on the shelf. Simply fill the tray, let it freeze and then twist into the ice caddy, so you will always have plenty of ice for those summer drinks.
Contain the mess Spills happen, but when they do, the world doesn't have to end. The Westinghouse SpillSafe™ glass shelves help with the mess by containing the split liquid to one shelf, so you have less to clean.	Chill out with Quick Freeze Quick Freeze drops the temperature of the freezer fast, so you can keep your foods frozen, even after the big family shop.
Cool your groceries fast Activate the Quick Chill function to cool your groceries fast, keeping them fresher for longer.	All Round Cooling Protects the quality of your food ensuring the most stable temperature and humidity in the whole fridge.
Inverter Technology Our inverter technology helps your fridge hold a consistent temperature for freshness and energy efficiency.
