Self-cleaning pyrolytic function turns food residue and grease into ash for easy cleaning.

Telescopic runners
Telescopic runners provide safe, easy access.

Intuitive LCD display

45 automatic programs

Soft-close doors
Soft Closing hinges are smooth and quiet.

Multi-level cooking

BENEFITS

PRECISION MEETS PERFECTION
The Food Sensor allows you to precisely monitor the cooking process and achieve perfect results according to your personal taste. The oven will let you know when your food has reached the right temperature.

CLEAN YOUR OVEN WITH EASE
The self-cleaning pyrolytic function takes all the effort out of keeping your oven clean. The oven is heated to a temperature that makes the grease and food residue turn to ash, which can then simply be wiped away with a damp cloth.

ACCESS ALL AREAS
Telescopic runners provide better access to dishes, making it easier to baste during cooking or check on progress. The runners also make it easier and safer when removing hot trays or heavy dishes.

CLOSE WITH A WHISPER
Soft Closing hinges ensure smooth and virtually silent door closure, for a premium feeling time after time.

Set up & stay ahead
Program the settings on your oven with ease and keep up with the progress of your meal with clarity, using the LCD display. The two-coloured display shows you time, temperature and the progress of what you are cooking, as well as access to other functions and settings to make the most out of your oven.

EXTRA-SAFE QUAD GLAZING
A quadruple glazed door offers top-tier insulation to keep the exterior cooler to the touch and enhance energy efficiency. An additional glass layer helps retain heat better, ideal for frequent or intensive cooking.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type of Oven	single pyrolytic oven
Oven fuel	electric
Materials/Colour	black
Controls of Oven	retractable control knobs
Cooling fan	Yes

DIMENSIONS

PRODUCT DIMENSION

Total height (mm)	594
Total width (mm)	595
Total depth (mm)	567
