

PrecisionVac™ black SousVide Vacuum Sealer Drawer with vacuum chamber, fully adjustable extraction and functions including vacuum, marinating and sealing.

RRP AUS \$4,999.00

Product Details

FEATURES

Sous-vide cooking
Sous-vide at home a new level of taste experience.

Assisted intuitive touch control
Intuitive touch control for efficient navigation.

Fast marinating
Fast marinating for flavour without the wait.

Infuse program with Cold Brew
Efficiently intensify flavours in diverse ingredients from marinated meat to cold-brewed coffee.

Food preservation
Vacuum storage preserves food for longer.

Meat tenderising
Tenderise meat and preserve freshness for longer.

Sustainable sous-vide
Practise sous-vide cooking with a glass jar that can be reused for many delicious meals.

BENEFITS

WHY NOT SOUS-VIDE AT HOME

Sous-vide is a culinary technique whereby vacuum-sealed food is cooked at a very precise, consistent temperature for an exquisite taste experience. Cooking in a vacuum-sealed bag using a low temperature infuses flavours, whilst keeping textures delicately tender, helping to lift your creativity to the next level.

INTUITIVE TOUCH SCREEN CONTROL

Efficiently navigate via the touch screen display to choose features and settings with ease.

ACCELERATE DELICIOUSNESS

Vacuum sealing maximises contact between food and marinade for full-flavoured marinating, faster.

MARINATE. INFUSE. COLD BREW

Versatility meets efficiency. Intensify the flavours of your ingredients without hours of marinating using the Infusion program, or why not create full-bodied, aromatic coffee with the Cold Brew function.

VACUUM SEAL FOR FRESH FLAVOURS

Preserve the taste and texture of your ingredients for longer by preparing and then storing in a vacuum-sealed bag in the refrigerator. The vacuum process removes air and then seals the bag to infuse and intensify flavours.

SAVOUR THE SUCCULENCE

Tenderise meat and poultry to enjoy it at its tender, juicy best. Whether steak, chicken breasts, or cured meats, vacuum sealing makes it so simple to preserve flavours and textures while maintaining freshness for longer, protecting food from oxidation and bacteria.

EAT SUSTAINABLY WITH SOUS-VIDE

Practise a more sustainable way of cooking with sous-vide, using a glass jar that you can place directly in the fridge after cooking and also reuse for the next delicious meal.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type	vacuum sealer drawer
Fuel Type	electric
Materials/Colour	black
Controls	Touch control
Control panel material	black
Control panel design	Flat
Handle design	None - push/pull
Handle Finish/Colour	stainless steel

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

Electrolux Home Products warrants that for domestic applications the AEG appliances featured are free from defects in materials and workmanship for 5 years (3 months warranty for commercial applications). All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
