

PGA962
90CM CLASSIC GAS COOKTOP

MADE IN ITALY
Since 1948

SPACIOUS DESIGN

When space is not restrictive, this 90cm cooktop offers six burners ergonomically positioned for maximum benefit with the possibility of several styles of cooking at the one time.

ULTRA-RAPID BURNERS

The two large and versatile burners suits the larger stock pots, boilers, saucepans and griddles. Wok stands are supplied for easy fitment over the trivets for stir-fry cooking.

FLAME FAILURE DEVICE

Safety fitted to all burners, the flame failure device ensures that, should a flame be accidentally extinguished, the gas supply to the specific burner is stopped. The burner can only then be reignited by following the normal ignition procedure.
