### BENEFITS

---

#### ADD STEAM FOR CRISPIER RESULTS

The SteamBake button in this oven adds steam at the beginning of the baking process. The steam cooking keeps the dough moist on the surface to create a golden colour and tasty crust, while the centre stays soft and tender.

#### FUSS FREE INTERFACE

Let the oven take care of timing. The user interface allows you to set the clock, cook time, cut off time and a minute minder so you can focus on the flavour.

#### GET COOKING FASTER

The Fast heat-up function warms your oven to the desired temperature very quickly so you are able to start cooking sooner.

#### CLOSE WITH A WHISPER

Soft Closing hinges ensure smooth and virtually silent door closure, for a premium feeling time after time.
